// Resin Bound Aggregate

### DETAILS

// Key feature of landscaping that forms main walkway through shopping complex

// Application of asphalt base course

// 3000m<sup>2</sup> Ronacrete Ltd Resin Bound Aggregate 'carpet' application

# Case Study // Flooring

Client | Westfield Stratford City  
Role | Main Contractor

**Westfield Stratford City is a £1.45 billion development comprising 1.9 million sq ft of retail and leisure as well as 1.1 million sq ft of office space, three hotels and homes. Westfield Stratford City is located adjacent to the Olympic Park and will form the prestigious gateway to the Olympic Games in 2012.**

Comprising of 300 shops and 50 bars and restaurants anchored by a John Lewis department store, Marks & Spencer, Waitrose and a 17-screen, all-digital, state-of-the-art Vue cinema, Westfield Stratford City will create a city within a city, and 70% of visitors to the Games will pass through WSC.

Working directly for Westfield, specialist refurbishment and renovation contractor Cemplas Waterproofing and Concrete Repairs Limited, were appointed as the Main Contractor to undertake the application of 3000m<sup>2</sup> of Ronacrete Ltd's Resin Bound Aggregate 'carpet' a key feature of the landscaping package that forms the main walkway through the entire shopping complex.

The works undertaken by Cemplas including laying an asphalt base course, followed by specialist Ronacrete's Ronadeck Resin Bound Aggregate Surfacing System, including the fitting of aluminium angle trims.

Formed in 1969, with over 40 years of experience, Cemplas has built a valued reputation, and are recognized not only for quality workmanship and reliable and efficient operatives, but for being able to deliver a project on time, and within the agreed budget.

The needs of our clients, and the level of sector expertise remains the key driver for our business. Placing this strategy at the forefront of our business development we have established ourselves as the contractor of choice for some of the industry's most prestigious clients, developers and construction firms.
